

Senator Marvel's bill here says that the person shall be responsible for the cost and you say that the statutes say that the county, when on section lines, has that responsibility?

SENATOR KAHLE: I think this is correct. We sure can find out, but as I read the statutes, the county has certain obligations to do that.

SENATOR KREMER: Mr. Chairman, all I was saying that I think because of the question before us this bill needs a little work on it but it is up to Senator Marvel to make the move to lay the bill over and not the committee that is only talking about the amendments.

PRESIDENT: You are moving to bracket the bill then?

SENATOR KREMER: I will move to bracket the bill.

PRESIDENT: Or ask unanimous consent.

SENATOR KREMER: Ask unanimous consent to lay the bill over until we get the information we are looking for.

PRESIDENT: Could you give us a date?

SENATOR KREMER: Let's say Wednesday of next week, if that is all right with Senator Marvel.

PRESIDENT: There is a request for unanimous consent. Is there an objection to bracketing this bill until February 8th? Do you have an objection, Senator Koch? There is an objection. Senator Kremer, would you kindly move then?

SENATOR KREMER: Mr. Chairman, I will move then so that we can hear why Senator Koch is objecting.

PRESIDENT: Senator Koch.

SENATOR KOCH: Mr. President, I am not opposed to advancing the bill to E & R and bracketing it there, if Senator Kremer wished to do that because I agree with the Speaker. We are getting an awful lot of bills bracketed on General File. If you'd want to move it to E & R and bracket it there, that may be a wiser step, and then if we decide the bill needs to be amended or doesn't have worth, we can properly dispose of it.

SENATOR KREMER: Mr. Chairman, I withdraw that motion and I will make another one. I move that the committee amendments be adopted.

PRESIDENT: The existing motion is still there and we are ready to vote on it then.

SENATOR KREMER: And then if you see fit to adopt the committee amendments, then we can move the bill over to Select File and then do anything we want to there.

PRESIDENT: The question before us is the adoption of the committee amendments. Record your vote. Please vote. Please vote. Record.
